WHEREAS, the City Council finds that the current definition of “Religious Activities and Associated Uses” is outdated and does not provide adequate clarity for religious organizations or citizens regarding accessory activities conducted in relation to such uses; and

WHEREAS, the City Council finds that clarity of interpretation is critical to creating certainty for residents and others; and

WHEREAS, the City Council finds that the faith community is a critical part of the fabric of the community, but as the nature of worship changes, certain activities conducted by religious organizations, like their secular counterparts, could have an impact on the health, safety, and general welfare of the neighborhoods where they are located;

WHEREAS, the City’s Planning Board reviewed this issue and the proposed amendments at two public hearings, at which residents and business owners voiced concern over the impact of social services, traffic and parking on residential neighborhoods and business districts, and religious entities discussed how activities such as community suppers, clothing drives and educational activities are components of their religious practice;

Agenda 03/16/2017
WHEREAS, the City Council respects the needs of all property owners and is interested in limiting traffic, noise, parking, and other impacts of uses in keeping with the nature of the district in which they are located; and
