Other Items:

The Mayor and Councilors continue to field constituents calls related to the utilities construction – particularly natural gas lines. I am working to assist DPW Director Lesley Jones and her counterparts stay abreast of these concerns/complaints. Your patience and understanding is appreciated as we follow-up. I've scheduled another update from Lesley and a representative from Summit Utilities for this Thursday's (televised) informational meeting. It's no exaggeration to say that what we've been experiencing throughout the City these past months is unprecedented in scope in my experience. Lesley has been working seven days a week to stay atop it and I greatly appreciate her dedication.
