Other Items:

Frank O'Hara and I have been working on the draft statement of Council goals and action items. A draft is enclosed for your review. I will schedule some discuss for next week's informational meeting.

As I mentioned in an e-mail last week, the Maine Municipal Association is working hard to develop grass roots support to ensure the continuation of current levels of funding for State revenue sharing. The link to a new 30 second ad (as well as related information) can be found on the City's web site and Facebook page.

By the time this report is distributed, funeral services will have concluded for former Councilor and GAUD trustee Tom Sotir. As many of you know, Tom stands out as a prime example of responsible and engaged citizenship. From his military service fresh out of college to his work with GAUD in the last year of his life, he made lasting and significant contributions that benefitted us all. Tom was a member of the search committee that recommended me to City Council back in the winter of 1998. The following January he joined the City Council and served for the next seven years – a voice of experience, reason and compassion and a true friend.
