10. Complete Application Required.

This application is being submitted under the requirements of the Augusta Land-Use Ordinance. As the applicant, I understand that this application must contain a complete submission of required materials by the application deadline date in order to be heard by the Planning Board. The deadline allows for adequate review by City Staff and the Planning Board; and as such, any applications that are not complete by the submission deadline date will not be placed on the Planning Board meeting agenda. To insure review by the Planning Board on the date desired, the applicant should submit materials at least 7 days ahead of the deadline so that staff can determine completeness of materials.

11. Drawings and/or Maps are required

For formal submittals to the Planning Board (see drawing requirements attached to this application). Generally, drawings for projects with new buildings or additions less than 1,000 sq. ft. in floor area, (or) projects that do not involve changing the existing structure, can be done by hand, as long as they are drawn to-scale. For developments creating 1,000 sq.ft. or more of new impervious development, a formal plan drawn by a professional engineer shall be required to be submitted with this application. Drawings are critical to the Planning Board and City staff in adequately understanding existing and proposed site conditions, as well as seeing the relationships between proposed structures and the projected impacts of parking, traffic, stormwater runoff, buffer areas, noise, etc. on abutters.
