The Committee on New Streets to whom was referred the petition of V. D. Pinkham and others for a new Street from Green Street to Grove Street have had that matter under consideration and would report: That in conformity with a notice posted upon the 28th day of sept. 1850 in two public places in the City in the vicinity of the proposed Street of the intention of the City Council to locate the same on the 5th day of October at 8o'clock A. M. at the house of B.Swan in said City. Your Committee assembled at the time and place mentioned in said notice and proceeded to the location of said proposed Street and laid out the same as follows viz: Commencing on the lot known as the Pitts lot situated at the junction of Green Street and Grove Street west side of Kennebec river, said location being a widening of the Street forming thereby a public square as follows -- Produce a line parallel with and twenty three feet distant easterly from the east line of J.W. Bradbury's house southerly

to the south line of Green Street then continue same line four, rods to north line of Grove Street-- then bisect the angle so made on Green Street and measure twelve feet to a stake - then with a radius of forty two feet strike a curve from the south line of Green Street through the Stake until it intersects with the line above spoken of. Bisect the angle made at Grove Street and measure ten feet with a radius of seventeen feet strike a curve from the four rod line to north line of Grove Street-- reference is hereby made to a plan dated Oct. 12, 1850 and filed with the City Clerk, being a part of the return in which the line A.B.C.D. is the west line of the square and bounds the same. The report was accepted and the street as laid out by the Committee established. Sent down for concurrence.

VOTED

To the City Council of the City of Augusta.

The undersigned would respectfully represent that the part of Water Street from Market Square to Grove Street and Grove Street from Green to State Street has no recorded limits, the width of said sections of said streets, can be only ascertained from point to point by an examination of the length of time the same has been used as a street, and it is found that the City have but about two rods in width of road, at the junction of Grove, Water and Green Streets, and in order that the street may be widened at this point, and at such other points as the public interest may require on the line of said streets and to make definite the bounds and limits of the same. The undersigned believing the public convenience and necessity requires it would petition your honorable body to layout and establish a street as follows, viz:

Commencing at Market Square in the south line of Winthrop Street and passing southerly over Water Street to Grove Street and; thence over Grove Street to and terminating at State Street to be of such width as in the opinion of your honorable body, the public convenience and necessity may require and as in duty bound will ever pray.
